PRICE OF MILK IS UP

Producers Face Violations
in Restraint of Trade.

FIXED AT 24 CENTS A GALLON

When Washington Trust Decides on Increase, United States Attorney Wilson Serves Notice that Grand Jury Will Be Asked to Take Action Against the Association.

Washington's milk trust may face violations of the law regarding combines in restraint of trade.

When the Milk Producers' Association in session yesterday afternoon decided to raise the wholesale price of milk, United States Attorney Clarence B. Wilson served notice that an investigation of the milk trust will be made.

After a heated debate at their semi-annual convention, the producers put the price up to 24 cents a gallon, being 2 cents higher than the price demanded last winter. Many prominent dealers yesterday predicted that the retail price of milk will be fixed at the dealers' convention to-day at 10 cents a quart for the next seven months.

Just as soon as this price goes into effect the grand jury will be asked to take action.

Criminal Action Possible.

"We can file a bill in equity to dissolve any unlawful trust or combination of milk dealers," said United States Attorney Wilson yesterday, or we may take criminal action by presenting the matter to the grand jury and procure indictments against the offenders."

A representative of the United States attorney's office has already been gathering information about the milk trust.

Dealers here have served notice that the retail price will be 10 cents this winter. It was stated at the meeting that the price paid here is higher than in any city in the United States.

All of the association officers were re-elected, as follows: President, John Thomas Ednor; secretary, T. L. Jackson, Silver Spring; treasurer, James W. Roberts, Alexandria, Va. It was voted to pay the president \$100 a year, and the secretary, \$50.

PROTESTS TO SCHOOL BOARD.

Anti-Vaccination Society Opposes Regulation Against Disease.

At a meeting of the executive committee of the Anti-Vaccination Society of the District, last night, after consultation with the attorneys for the society, the following resolution was unanimously passed:

Whereas it has come to the knowledge of the executive committee that it is the purpose of the school authorities to require children to be vaccinated for smallpox, and

Whereas this society believes that such compulsory vaccination is unconstitutional, inhuman, and an encroachment upon the civil liberties of the people, and should not be tolerated; therefore, be it Resolved, That we, the executive committee, do respectfully but earnestly protest to the school board and to the Commissioners against the enforcement of any law or regulation compelling the vaccination of children.

GIRL TRIES TO END LIFE.

Rachael Anderson Drinks Carbolic Acid in Mount Rainier Home.

Rachael Anderson, nineteen years of age, waitress in a Washington cafe, who lives at Mount Rainier, was taken to Freedmen's Hospital yesterday in a serious condition. It is believed she attempted suicide by drinking carbolic acid.

Several weeks ago the Washington police secured a warrant for the girl's arrest, charging her with stealing a ring from a man named Reed. The warrant was sent to Mayor Robert E. Joyce, of Mount Rainier, who, as justice of the peace, gave the girl a hearing. She denied the charge.

Physicians at Freedmen's Hospital stated last night that Miss Anderson has a chance to recover.

CHILDREN FIGHT WILL.

Andersons Charge Brother with Exercising Influence with Father.

Four children of Thomas J. Anderson, a former member of the police force, who died July 31 last, filed a caveat protesting against the probate of the proffered will of their father yesterday.

The probate was Eugene Anderson, William Anderson, Rebecca Anderson, and Eleanor Doone, each of whom by the terms of the will is left \$5, the remaining estate, valued at nearly \$2,000, being devised to Robert Ernest Anderson, who is named as executor.

The protesters charge that undue influence was exercised over their father by their brother Robert, and they hope to have the will set aside and share equally with their brother. They are represented by Attorney W. A. Coombe.

FALLS CATCHING SPEEDER.

Bicycle Policeman Levi Thrown to Pavement on Curve.

Thrown to the pavement when his bicycle struck the curved street car track at Fourteenth street and Florida avenue, Bicycle Policeman Levi, of the Tenth precinct, was seriously injured yesterday afternoon. He was taken to the office of Dr. Albert Taylor, 154 U street northwest, where his injuries were treated.

Levi was attempting to arrest Charles E. Miller, of 1105 Fourteenth street northwest, who, it is alleged, was exceeding the speed limit in his automobile. As Levi drew alongside the car he was pushed from the pavement to the car tracks, his wheel catching in the curve. Miller was later arrested.

LIBERALS WIN IN PANAMA.

R. O. Marsh, the charge d'affaires at Panama, has advised the State Department that the assembly of Panama elected as first, second, and third Vice Presidents, Pablo Arosemena, Frederico Boyd, and Rodolfo Chiari, all Liberals.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday: Richard T. Galtier, of Wheaton, Md., and Virginia "Galtier," of Baltimore, Md.; Colin C. McKay and Elizabeth P. Solari; William J. Palmer and Sarah E. Matthews; Leslie H. Phillips and Carrie E. Straube, both of Richmond, Va.

STOLEN CLOTHES IDENTIFIED

Women's Finery Piled Up High in
Central Squad Room.

Former Butler at Fourteenth Street
Residence Arrested While Disposing of Part of Goods.

Identification socials are now all the rage at police headquarters, with Detective Springman and O'Brien leading in the character of hosts. Last night the squad room was piled high with women's finery, picked up from two second-hand dealers.

Miss Judith Steele and Miss Lillie Henchberger, of 2703 Fourteenth street northwest, were the invited guests, the occasion being the identification of about \$300 worth of clothing stolen from their residence.

Thomas Ashford, alias Matthews, alias Robert Madison, a former negro butler at the house, was arrested on Monday last by the Sixth precinct police as he was attempting to dispose of part of the loot. At that time the robbery had not been discovered, and Ashford was about to be released when a partial identification of the goods led to his arrest by Detective Springman and O'Brien.

WILL ANNEX PANAMA.

Colon Man Thinks Action Will Come Within Year.

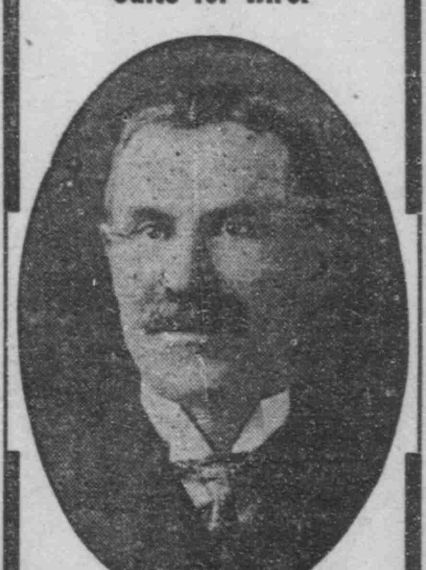

"The annexation of Panama by the United States is inevitable," said Howard Johnson, of Colon, Panama, in an interview at the Metropolitan Hotel last night.

"I believe the annexation will take place within the next year. The interests of this government are too large and too far-reaching to permit another government to have anything to say in taking care of these interests."

"Our government is under certain treaty stipulations with the Panamanian government regarding the administration of affairs within the Canal Zone. The stipulations hamper the Washington government, and the only way out is to annex the little republic."

"I do not think international complications would follow such action. The world powers are cognizant of the responsibilities of the United States in administering the canal for the world's commerce. I think they will, in view of this, look with favor on such action."

TEN NEW CARS ORDERED.

Year's Traffic on the Electric Line Shows an Increase.

The extension of the Washington, Baltimore, and Annapolis Electric Railway into the center of the city has increased traffic to such a degree that the company yesterday decided to order ten additional passenger cars, costing \$150,000, making a total of forty-three cars.

The August earnings have not been announced, but it is understood they compare favorably with the same month of last year, and the net earnings will be considerably larger. The operating cost for August is estimated at 45 per cent of the gross earnings.

The Alhambra.

At the Alhambra Theater this week the pictures were out of the ordinary. The one best picture of the week's offering has been held over for to-day and to-night. The picture, "Ranch Life in Southwest," was shown at the Alhambra Theater two weeks ago, and since then the management has received so many letters requesting them to reproduce it, they have decided to do so. This theater was the first in Washington to present the pictures of the Knights Templars at Chicago, and as they are the originals and owing to the great demand for another presentation they will also be presented to the Washington public next Tuesday evening.
